Early Gifts: Recognizing and Nurturing Childrens Talents offers solid advice and guidance for parents of gifted and talented children of preschool and elementary school age. The authors, leading experts in the field of gifted and talented education, discuss how to recognize and nurture talent in preschool and elementary school-aged children. An introductory chapter provides a framework for understanding the major contributing factors to the development of talent, including the home, the school, outside programs, and the personality of the individual child. The following seven chapters each deal with a major area of talent. The talent areas discussed include: science, mathematics, language arts, musical talent, dramatic arts, performing arts, and sports.
